## X-Ray Protective Glasses – Model BR310

The X-ray protective glasses have slightly curved glasses and a protection of Pb 0.75 mm.

The frame is made of an extremely durable plastic that ensures easy cleaning and good resistance to chemicals (disinfectant agents).

The BR310 comes with a storage case and a soft head band.

The quality features of our glasses make them perfect for the use in the medical environment:

- Great frame stability through high-grade synthetic materials
- Optimized balance of sturdy, light-weight frame and lenses
- Minimized risk of injury due to shape and used components
- Low allergy risk due to carefully chosen materials
- Easy cleaning and superior resistance against chemical influences (disinfection)
- Wide and flexible head band for a comfortable fit

For this model prescription lenses are available: Single and bifocal.
